In addition, no messages to be shared at the meeting were provided to the RDA prior to or during the meeting.

**EXECUTIVE DIRECTOR REPORT**

Mr. Bethel turned the meeting over to Mr. Hanna for his Executive Director Report. Mr. Hanna presented a verbal report of events involving the RDA, as summarized below.

1. **Tax Incremental Financing (TIF) District** – Mr. Hanna reminded the Board that the existing Tax Incremental Financing (TIF) District is scheduled to expire at midnight on 11/15/2020. He noted that all money available must be expended and/or committed to be spent prior to that deadline. He indicated that all funds have been committed and/or expended except for the Bethlehem Landing Visitor Center repairs project.

Mr. Hanna reminded the Board that new streetlights were authorized for the Steel Stacks Campus and the plantings and repairs to the Hoover-Mason Trestle have been done. He added that the street work to First Street / Founders Way started earlier this week. He also noted the authorization to reimburse the Bethlehem Parking Authority for some of the land purchase cost for the future site of the Polk Street parking garage. Mr. Hanna indicated that the Visitor Center project has been time consuming and explained that an analysis was done regarding the water issues at the site. He explained that the issues have been identified and estimates are being prepared for the various repair options. Mr. Hanna stated that he is not anticipating any issues with the spending and/or commitment to spend these funds prior to the November 15, 2020 expiration of the TIF.

2. **723 Broadway** – Mr. Hanna stated that later in the meeting the Board is being asked to review and consider for approval the next step of the eminent domain process to acquire 723 Broadway. He explained this next step will require the payment into court of the value of the property, which updated appraisals have indicated to be \$36,000. Mr. Hanna noted that after this process is completed, the RDA will begin the process of selling the property to a developer who will renovate the property to be a useful, code compliant property again.

**RESOLUTION NUMBER 1474**

Mr. Bethel stated that the RDA Board has been asked to review and consider for approval Resolution Number 1474, which authorizes the amendment of the RDA Non-Uniform Pension Plan as administered by the Pennsylvania Municipal Retirement System pursuant to Article IV of the Pennsylvania Municipal Retirement Law.

Ms. Grigsby asked what the updates were to the plan being presented for review and consideration with this resolution. Ms. Bambu-Weiss explained that she was informed during a conference call with the Pennsylvania Municipal Retirement System (PMRS) that they are required to review the pension plans with each plan member on a routine basis, every seven (7) years. Ms. Bambu-Weiss explained that the only modifications included in the plan being reviewed and considered at this meeting involved the inclusion of earned and paid vacation time into the pension calculations for a employees during their last year of employment with the RDA.

Ms. Bambu-Weiss noted that based upon her understanding the review and presentation to the Board of this document is something that is required following the periodic reviews by the PMRS and RDA of this plan, regardless of any modifications to the plan.

Following this discussion, Ms. Grigsby presented the following resolution to the Board and moved for its adoption by the Board.

Of the total invoice from Simone Collins, the RDA General Fund will pay \$3,180.00 of the Simone Collins invoice since those costs pertain to the relocation of the Bethlehem Steel Press artifact and the RDA will be reimbursed for these costs associated by Wind Creek. The balance of this Simone Collins invoice will be paid from Authority Fund monies. **RESOLUTION NUMBER 1478**

Mr. Bethel stated that the RDA Board has been asked to review and consider for approval Resolution Number 1478, which authorizes the RDA to pay money into court to acquire the blight certified property located at 723 Broadway through the eminent domain process.

Mr. Hanna explained that this is the next, and final, step in the eminent domain process for the RDA to acquire the property at 723 Broadway. He noted that due to the amount of time since the original appraisals were done, updated appraisals were requested and received. Mr. Hanna noted that the updated valuation for this property is \$36,000, an increase of \$9,00 from the original \$27,000 valuation.

Ms. Grigsby questioned what kind of liens made this property so expensive requiring the eminent domain process. Mr. Hanna explained that there were municipal liens and taxes due from this property and noted that those liabilities would be paid first when the funds are distributed by the court. Mr. Hanna added that there is an old lien from an attorney as well as a second lien from funds this individual loaned to the property owner. Mr. Hanna noted that even with the increased value of the property, it is likely the owner will not receive any funds from the acquisition of this property.

Following this presentation and discussion, Mr. Spadoni presented the following resolution to the Board and moved for its adoption by the Board.
